Why should we participate?

Biggest planned giving campaign of the year! In 2025, MAWM raised more bequest dollars from outreach than all of our other campaigns combined. And 70% of participating orgs secured *at least* one gift. It's *the* moment to send planned giving outreach in 2026. You don't want to miss it!

Spike engagement with your FreeWill tools. Energy is already high during MAWM. Sending proactive MAWM outreach boosts traffic to your FreeWill sites, increases engagement with your pages, and maximizes new users and gifts through your tools at a key time of year.

Planned Giving provides stability. Many nonprofits are losing small annual donors – but at the same time, many receive significant portions of their legacy gifts from small and mid-level donors. Planned giving is a long-term fundraising strategy that allows any donor to make an enduring impact at no cost today.

MAKE-A-WILL MONTH 2026

Mission Story

(Not a donor testimonial!)

- **Short and succinct:** We only need one or two paragraphs to draft a narrative!
- **Showcase transformation:** Because of X → Y happened. Now Z can continue well into the future
- **Include names (or pseudonyms) and first-person quotes:** People connect more when the story feels personal

Examples:

- **Student Story:** "Coming from a low-income background, the Vanguard Fellowship didn't just pay my tuition; it gave me the network to launch a startup that now employs twenty people," says Julian.
- **Patient testimonial:** "I can finally breathe easy at home," shares Marcus, who escaped a relentless cycle of asthma-related ER visits after the Health Partners home-modifying program addressed the root causes of his illness for good.
- **Environmental Win:** "What used to be a sweltering "heat island" is now a shaded sanctuary. Thanks to City Canopy planting 200 trees, Carlos and his neighbors have seen a permanent drop in cooling costs and a safer, greener park for their children to enjoy for decades."
